

ASKS MISSISSIPPI TO CONTRIBUTE TO BIG CAMPAIGN

State Committee and National Committeeman Urge Citizens to Aid in Fight in Doubtful States.

JACKSON, Miss., Aug. 3. (Sp.)—Oscar Johnson, of Clarkdale, Miss., national Democratic committeeman for Mississippi, has written an open letter to the Democrats of the state, urging them to aid in raising a fund to aid in defraying the expenses of the national campaign.

Mr. Johnson says that the Democrats of the state are prone to ignore the request sent out for funds by the state executive committee because there is no contest in Mississippi. This, he declares, is wrong, and calls upon all so at once, and aid in the bitter fight being waged in such states as New York, Connecticut, New Jersey and California. Mr. Johnson's open letter follows:

"At a meeting of the state Democratic executive committee, held on July 20, a request was made for funds with which to aid in defraying the expenses of the national campaign. These funds to be sent to Mr. O. F. Lawrence, of Grouse, Miss., secretary of the state committee, or Judge Robert H. Powell, of Jackson, Miss., committee chairman.

"In Mississippi, where there is no contest, we are prone to lose sight of the bitter fight being waged between the great national parties in such states as New York, Connecticut, New Jersey and California.

"Six months ago the leaders of the Republican party believed that their success in November was assured. They felt that nothing was necessary except for nine men to assemble in a room, and in the few small hours of the night, select a candidate, go through the form of having their selection ratified by their convention, then propose him to a country, which in their judgment was awaiting anxiously the opportunity to pay homage to the man of their selection. Today these gentlemen have been disillusioned. They have proposed to the people of America, a man who stands for nothing, one who is ultraconservative and reactionary, a nonprogressive, whose record does not appeal to the laboring man, to the farmer or to the progressive and wide-awake business man. The Democratic party on the contrary offers the nation a man who stands for progress, a man whose record as governor of Ohio must necessarily appeal to every class of citizen, a hard-fisted, clear-thinking, outspoken American, one who being certain that he is right, goes ahead courageously, one who proposes to carry the fighting into the enemies' trenches. With such a candidate, victory is within the grasp of our party, but to conduct this war, to carry the gospel of Democracy into every ballroom, to inform the people throughout the land, both regarding the candidate and the matchless platform, in support of which he campaigns, funds are essential.

"Corporate interests and predatory wealth have contributed and will continue to contribute lavishly toward swelling the already enormous campaign fund at the disposal of the Republican party.

"That we may successfully conduct this campaign, it is essential that we of Mississippi shall do something more than 'vote the ticket,' while standing so far behind the line that we can scarcely hear the rumble of the artillery; we should and must contribute substantially.

"As national Democratic committeeman of Mississippi, I appeal to every loyal Democrat to whom this message shall come, to respond in proportion to his means and to his love of the party. Checks or money orders should be sent to either of the gentlemen above named, or to me, in order that the committee may be remitted to the national committee at an early date. The fight is on, the money is needed today. Respectfully,

"OSCAR JOHNSON,
National Democratic Committeeman."

WATSON BACK AFTER ORGANIZING COUNCIL

C. W. Watson, director of the farm bureau division of the Chamber of Commerce, returned Monday night from Paris, Tenn., where he aided the Henry county farm agent in organizing a county agricultural council. Proof that the farmers of Tennessee are more interested in agriculture than politics was shown, Mr. Watson said, Monday when both a farmers' and political meeting were in session at the same time in Paris. Both meetings began at the same time and within half an hour it looked like the politicians would have to disband for the lack of attendance while it appeared that more accommodations would have to be made to seat the number that attended the farmers' meeting.

Over 500 members are now enrolled in the Henry county organization, and a one-day drive is to be launched in the near future when every precinct in the county will be canvassed for more members. A committee was appointed at Monday's meeting to take charge of this work and farmers who have been unable to attend the meetings held recently will be given a chance to enroll.

PARDONS GRANTED.

BERLIN, Aug. 3.—Pardons will be granted all persons concerned with the Kapp revolution here last March under the terms of the government amnesty bill, which was adopted by the reichstag after a long and animated debate. Exceptions will be made, however, in the cases of leaders and those guilty of ordinary criminal offenses.

CROPS IMPROVING.

H. N. Berry, of Greenville, Miss., was in Memphis Tuesday on a business trip. Mr. Berry is one of the best known business men in the Greenville section. He declares that conditions are improving there and after a siege of high water, that farmers are again getting in crops and will not lose a great deal for the season.

"GETTING YOUR MONEY'S WORTH"

EVERY woman realizes that this is the day of the "fifty-cent dollar." If you spend your corset dollars for a garment that does not wear well, that does not give you satisfaction, it is an extravagant corset at any price. You can spend your corset money so every dollar will have its full purchasing power of 100 cents if you will be very particular about the corset you buy.

"GETTING your money's worth" in these days of increasing costs and the diminishing value of dollars, as it applies to corsets, is not so much in the price you pay as in the garment you buy. The corset you discard after a few uncomfortable wearings or the corset you continue to wear at the expense of your appearance, health and peace of mind, is the corset you cannot afford. We assure you that every
